

AES TECHNICAL AND EXECUTIVE CONSULTANTS

---

## Recruitment Consultant – Working from home options.

### AES offering the work / life balance

#### Worcester

Since 1989 AES has been providing innovative recruitment consultancy services, specialising in delivering to a small select client base; we are in the quality not quantity market. As a business we accept that people have different aspirations and ambitions, so we offer a job that can be fitted into your lifestyle objectives.

With AES you will have two alternatives to work with us:

1. Join us as a recruitment consultant and be paid a basic salary of up to £23,000, excellent “industry best” bonus scheme and flexible working. In 12 months, you can then either continue to work in the office or from home (or both) to suit your lifestyle.
2. Work from day one at home. You get all the training and support you would expect in the office, you work independently, and you keep most of the sales that you make. For example, if you were capable of doing £60,000 in permanent recruitment sales in a 12 period (this is just one typical sale per month) you would earn £23,000 in the office with AES and £48,000 if you were working from home.

Please note; If you were to do two typical sales per month (and this is achievable for a 37.5-hour week) your annual sales would be £120,000 per annum. On these figures, you would earn £47,000 in the office and £108,000 working from home.

In some instances, you can join us as an internal recruiter and then after 12 months move across to the home based scheme.

With AES we are trying to allow you to use your recruitment or sales talent in a way that suits your personal ambition and lifestyle choices. If you are interested in knowing more about either way of working with AES please apply with your CV quoting reference CS103716 to Colin Smith and we will reply within 24 hours where possible.
